Start 1 July 2010

NATURe-VITA

FOR A BETTER WORLD

Bob Weatherly

NatuRe-Vita

Is taking big strides towards the future.

Experience pays!

For home and away ...

NatuRe-Vita builds on the experiences of Bob Weatherly and specialises in liquid dietary supplements.

In addition to Spirulina Liqua Health, Ultimate Açai (containing berries from the Amazon) and the benefital series, there is also a Spirulina cosmetics range to round off the offers available.

For a better world ...

Bob Weatherly recognised early on just how important liquid dietary supplements are for people. He is an expert in dietary supplements based on algae.

The result of his 6 years of intensive research is his famous product – Liqua Spirulina.

Bob Weatherly's excellent reputation also stems from his generous support in the fight against hunger in Africa. Over the last 15 years, he has donated over 40 million US dollars to Africa to help offer children here a future.
